

## Americans Meet Japanese Threats

Strategic Materials to Be Made of U. S. Products

By TOM WOLF  
NEA Service Staff Correspondent  
American generals' dreams are filled with rubber.

Mechanized armies roll to battle on rubber.

Number 1 U. S. strategic material (in both ton and dollar value) is rubber.

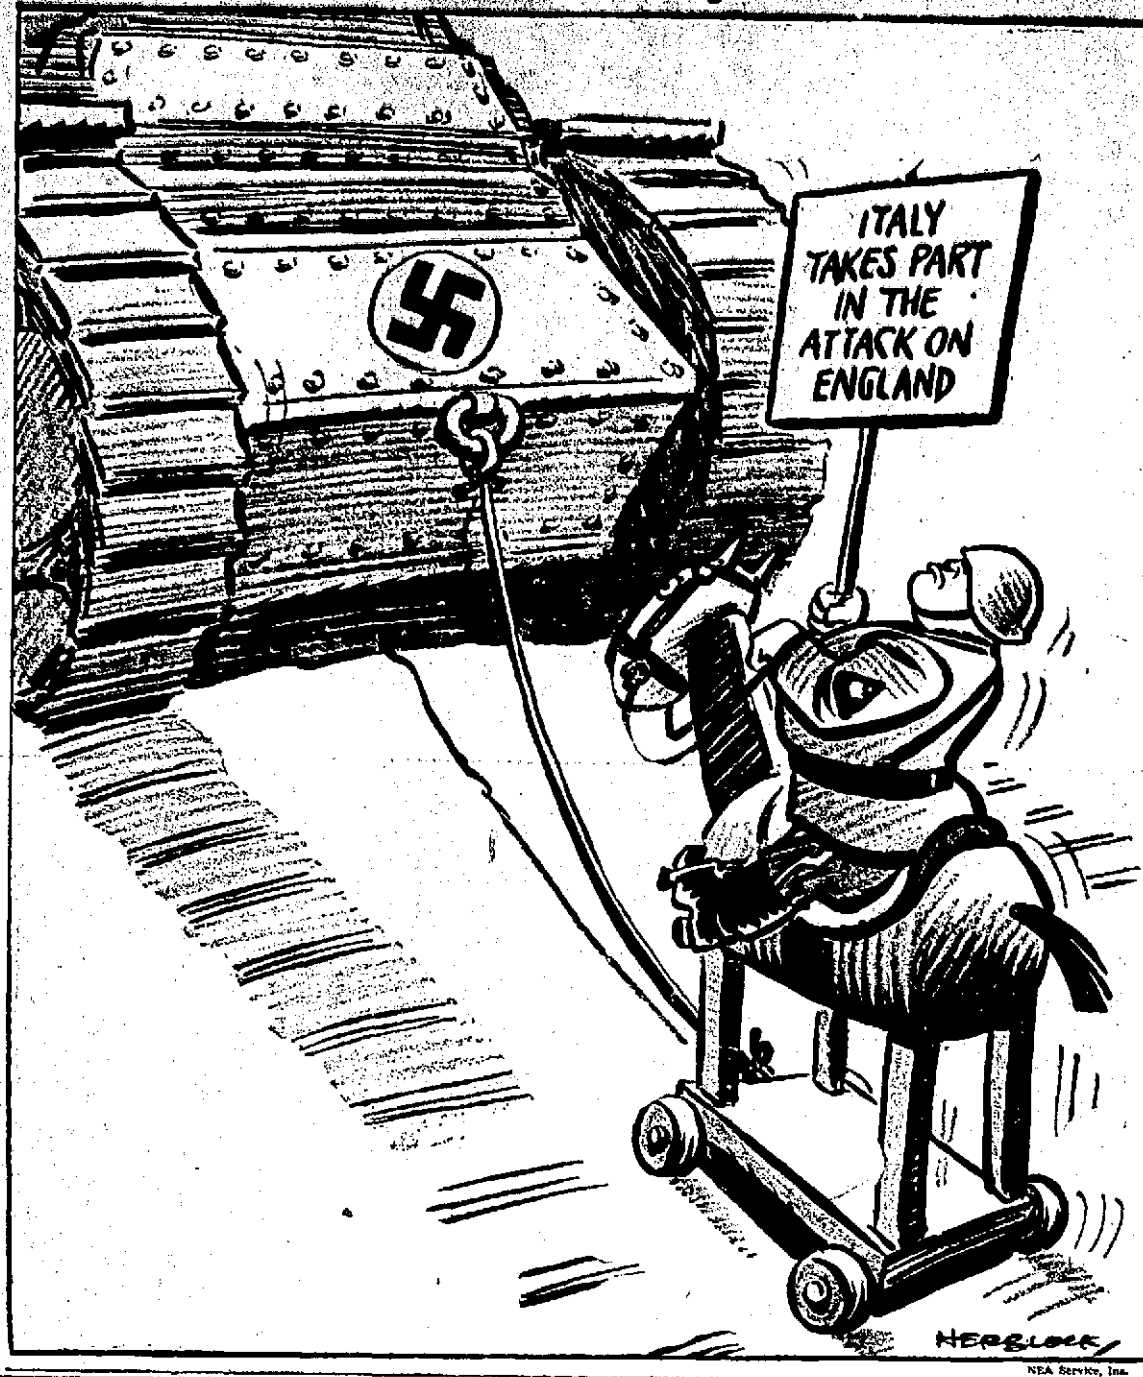

Yet 97 per cent of U. S. consumed rubber reaches this country only after a ten thousand-mile shipment half way around the world from British Malaya and the Netherlands East Indies.

And those increasingly tough Japanese are threatening to cut off all this rubber in retaliation if the United States bans scrap iron exports to their islands.

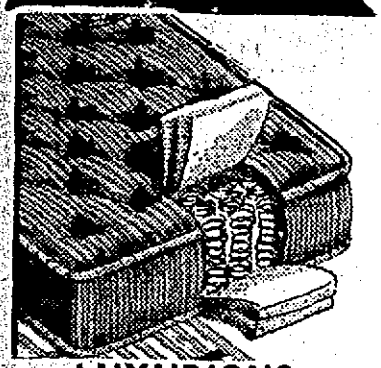

Perhaps the generals will sleep easier from now on because of the announcements of the Standard Oil of New Jersey, Firestone, and Goodrich companies that each has begun production of synthetic rubber made entirely from native American products.

All three of these synthetics start from a common base—butadiene, a natural gas by-product of the cracking (i. e., long distilling) of petroleum. From this one base the three firms are manufacturing rubbers known

## Mental Telepathy May End the War

Says Dr. C. F. Potter  
Founder of Physic Group

Dr. Charles Francis Potter founder of the First Humanist Society of New York, is an authority on telepathy and author of books on the subject.

By DR. CHARLES FRANCIS POTTER  
Written for NEA Service  
Perhaps telepathy may end war! If, for instance, we should train a few thousand likely young men in the technique of telepathy, choose the best of them for special service and have them focus on the mind of the enemy chief of staff, they would be able to discover his plans as soon as he was aware of them himself.

Since the essence of war is strategy and preparedness, and since telepathy would nullify strategy by anticipating it, the teeth of Mars would be drawn. If every nation knew the supposedly secret plans of every other nation, peace would perforce descend upon this war-weary world.

Radio Once Seemed Incredible  
Yes, it is highly likely that telepathy will play an important role in the world of the future. That may seem an extravagant prophecy to one unaware of the great progress made lately in scientific investigation of the ability of many persons to obtain accurate information without the use of their ordinary senses.

I was a confirmed skeptic about the existence of telepathy, or mind-reading, or clairvoyance, or second sight, or psychic phenomena, or anything of the sort, but several years of careful study and experimentation, as described in my new book, "Beyond the Senses," convinced me that all these supposed occult powers are only various forms of a sort of super-sense ability possessed by a number of people.

There is nothing occult about it: it is a natural faculty, fairly wide-spread and capable of development under certain conditions.

Prof. Julian Huxley recently stated that these extraordinary powers might be developed until they were as commonly distributed as, say, musical or

count for about 75 per cent of all rubber used in the U. S.

Despite these problems and because of rubber's importance in national defense, Goodrich, Standard Oil, and Firestone have decided to market their synthetics now in hopes of stimulating production, thereby decreasing cost, increasing quality.

New Plants Starting  
By fall, Goodrich will have an Akron, O., plant with a daily capacity of several tons of tire-suitable "Ameripol."

mathematical gifts are today." Widespread communication by telepathy may seem incredible today, but radio communication without wires seemed equally incredible only a generation ago.

By the time we have spent as much time, money, effort, and skill in developing telepathy as we have on radio, we shall probably look back on radio as we now do on the pony express as a means of communication.

Ethics Would Change  
Telepathy will mean great changes in other human activities. Take education, for instance, for we have already discovered by studying telepathy the way mental images change along subconscious paths in the subconscious and emerge into consciousness. Perhaps good teachers in the future will need neither books nor spoken words to communicate ideas to their pupils, who may be miles away.

Ethics will certainly change. When I was recently lecturing on telepathy, one woman in the audience protested that she wouldn't like people to be able to read her thought; it would be very embarrassing at times! "Yes," I said, "but it would

have a tendency to improve your ethics."

The black widow is the only poisonous spider of temperate North America.

# SOCIETY

Daisy Dorothy Heard, Editor Telephone 768

## Social Calendar

Wednesday, August 7th  
Wednesday Contract Bridge club.  
Mrs. Brooks Schults hostess at the home of Mrs. D. M. Finley, 2:30 o'clock.

Friday, July 10th  
Tuesday Contract Bridge Club.  
Home of Mrs. Roy Allison, 2:30 p. m.

## Announcement

The ladies of the First Christian Church wish to make another appeal for old magazines. These will be sold by the carloads to help obtain funds for the building projects of the church. Persons wishing to help the worthy cause are asked to call Mrs. J. R. Floyd, Mrs. Jewell Moore, or Mrs. B. L. Rettig.

guest, Miss Beryl Henry.

**Dodson-Coffield**  
Mr. and Mrs. Halbert Coffield announce the marriage of their daughter, Jamie, to Charles Dale Dodson, only son of Mr. and Mrs. C. D. Dodson of Magnolia, Arkansas.  
The marriage was solemnized on Wednesday evening, July 31 at the home of the officiating minister, the Rev. Bridwell, pastor of the Emmett Methodist church.  
Both the bride and the groom are graduates of Magnolia A and M college at Magnolia, and are well known throughout the state.

**Miss Betty Ann Benson and Charles Benson Entertain on Tuesday**  
Miss Betty Ann Benson and her brother, Charles Benson, were hosts to the members of the young social set at their home on Tuesday evening.

Numbers of games were played by the guests during the evening on the lawn that was made more festive for the occasion by various decorations.

The guests were served a sandwich plate with iced drinks during the evening.  
Among those present were: Miss Matilda McFaddin, Miss Alice Lorraine Heard, Miss Charles Brown, Miss Barbara La Grone, Miss Pat Williams, Miss Eva Jean Milam, Miss Dorothy O'Neal, Miss Patricia Ann Egan, Miss Doris Urey, Miss Sophia Williams, Miss Nancy Jane Woodford of Little Rock, Miss Catherine Hising, H. O. Kyles, Billy Ed Bayse, Charles Hyatt, Johnny Gibson, Billy Duckett, Alister Guthrie, Charles Benson, Johnny Brannan, Alfred Brannan and Miss Betty Ann Benson.

**Circle Four of Methodist Church Ladies Have Picnic at Park**  
A picnic at the Fair park for the members of Circle Four of the Women's Society for Christian Service of the First Methodist church was given on Monday afternoon.

Sixteen members, three guests were present. Mrs. H. F. J. Garrett, Mrs. J. A. Henry, and Mrs. Henry Hill, president of the Methodist circles were the guests.  
After a number of games and contests a delicious picnic lunch was served.

## Personal Mention

Miss Martha Helen Seavey who has been the guest of Miss Mary Ross McFaddin the past week has returned to her home in Lewisville.

Mrs. Byron Winn and children, Helen Marie and Dan, are the guests of Mr. and Mrs. Ched Hall.

Mr. and Mrs. J. R. Floyd and family have returned from Glenwood, where they attended the funeral of their brother-in-law, C. P. Crawford, which was held at the First Christian Church Monday afternoon.

Miss Enola Alexander and Miss Martha Ann Singleton are Wednesday visitors to Nashville, where they will attend the peach festival. Miss Singleton will represent Hope in the beauty contest.

Miss June Smith of Newport is the guest of Mr. and Mrs. John Britt and boys.

F. W. Muldrow Jr. of Arkansas College Batesville is the guest of his parents, Mr. and Mrs. R. W. Muldrow Jr. this week.

Mr. and Mrs. A. B. Gunn have returned to their home in the city after a vacation trip through points in Arkansas, Missouri, and Oklahoma. They attended the Gunn reunion held August 4 of each year in Moberley, Mo.

Fershing Floyd has returned from a seven-week tour through the New England states, with stops in Washington, D. C. New York, Flushing, Long Island, and Brockton, Mass.

Mrs. C. F. Erwin has had as guests, Mr. and Mrs. B. N. Hall and Little son, James Noble, of Harrison, Arkansas, Mr. and Mrs. J. D. Jacks of Hugo, Oklahoma, and Mrs. Warren Bayse of Sreepert, Texas.

Miss Cornelia Wilman has returned.

NEA SERVICE, INC.

YESTERDAY, Johnny told Jean that Molly will marry him. Instead of being heartbroken, Jean is angry. His request that she tell or give the answer to him only increases her rage. While Johnny tells Molly of Jean's refusal, there is a crash, a scream! The lamp turned over. Get out the theater in an arc!

### CHAPTER IX

THE theater was on fire. The old lamp had turned over, the kerosene spilled. A spark from the switchboard had ignited the oil.

With half of his mind Johnny heard the garbled explanation of the blaze; with the other half he was trying to figure out the quickest way of helping Jean Reynolds save the valuable Cape Cod cronies she had gathered for the set.

"Cover your face, Molly, and stay close to me. We're going up." He dragged Molly after him. The flames licked at his ankles dangerously. Johnny lifted Molly over the threshold of the stage door.

"Get over there on the lawn and don't come back again."

"What are you going to do?" Molly was hysterical.

"I'm going to help Jean get the props out!"

Johnny pushed his way through the screaming crowd of actresses. Choked with smoke, he reached the stage door again just as Jean threw out the Carstairs silver service.

"Thank heaven for somebody who's not an actor," Jean shouted when she saw him. "Get in here and help me, Johnny!"

Johnny took her orders. He was amazed at her courage and efficiency.

Johnny had never been so tired in his life. He was drenched to the skin. Jean looked exhausted, but she squared her shoulders and went toward the building once more.

"Last trip, Johnny!"

He wanted to tell her how brave she was, but there wasn't time. She toppled against him weakly. "You'll have to go in alone this time. The liquor set. It's Bohemian glass and I promised Mrs. Wilson nothing would happen to it."

"Damn the liquor set. I'm taking care of you. Get Dr. Warren, somebody. Jean's fainted."

Jean's eyelids fluttered. "Go on. I'm all right."

In a daze Johnny found his way across the stage once more. He brought out the liquor set; his coat pockets were full of tiny glasses.

"Where's Jean?" he asked Earl when the liquor set was packed safely away.

"Dr. Warren took her home."

ed to her home in Newport after a visit with Miss Enola Alexander.

Master Donald Laseter is spending this week with his aunt and uncle, Mr. and Mrs. A. E. Gunn in Shreveport. He will tour Arkansas and Tennessee with his hosts.

Joseph Floyd left Tuesday morning for a week's visit with his father, J. R. Floyd in El Dorado.

Mr. and Mrs. C. J. Rowe announce the arrival of a baby girl, Linda Kay, on July 29th.

Mrs. Eugenia Kingston of Little Rock is visitor in Port Arthur, Texas. She is the guest of Mrs. Mattie Lowrey and Mrs. Ben Freeman. The ladies are former residents of the city and are well known to many of the older residents of Hope. Friends Ben Freeman recently in Port Arthur. Mrs. Freeman was the former Miss Gertrude Lowrey.

Miss Zula Bowden of Little Rock is the guest of Mrs. B. C. Acker and other friends in the city.

Mrs. Roy Allison will return Thursday from Lewisville, where she has been the guest of her parents, Mr. and Mrs. Ralph Burton.

Mr. and Mrs. S. C. Norton have had as guests, Mr. and Mrs. Edwin R. and children of Crossett, Arkansas, Mr. and Mrs. James L. Luckas, and Miss DeWitt Davis and daughter, Miss Rebecca Davis, of Texarkana.

Mrs. Theo P. Witt of Little Rock was the weekend guest of Mrs. Horace Jewell and Miss Lynda Jewell.

Eight presidents of the United States did not veto a single bill, but Grover Cleveland vetoed 301.

Her hands were burned. Everything safe?"

"Jean wanted it taken back to the people who own it. Can you help me with it?"

"Sorry, old man, I'm busy." Earl strolled off without concern. Johnny stood and watched him. Whose responsibility was this, anyway? Certainly not Johnny Regan's, and only Jean Reynolds' by request. Carlier Earl, as head of the theater, should have offered assistance.

"So it's up to me," Johnny told himself, "or the stuff spends the night on the lawn where the Portuguese lads can have a go at it." Since he couldn't expect any help from the theater crowd, he'd have to find some Cape Cod cronies. With Rex Arnold's beach wagon . . .

"Hello, Johnny. Well, here I am, safe and sound," Molly, looking fresh and young again without her make-up, came up with Andre Masters. "I sat over there on the lawn and let the sparks fly upward."

"I hear Miss Reynolds burned her hands," Johnny nodded. Masters looked at the antique pilasters on the lawn and whistled softly. "An antique dealer would give his eyes for that stuff. Careful of scavengers," he warned.

"I'm getting it back to the owners tonight," Johnny said, and shrilled out the gang's whistle for Rex.

"Oh, come along, sweet," Molly told him. "We're going to the Inn. All this stuff will be here when you get back." When Johnny shook his head, she continued, "Well, when you've finished your homework, look us up."

JOHNNY watched them go down the street. They were black silhouettes against the still smoldering theater. He felt detached from them as if they were characters in a movie. Rex Arnold, who came up at that moment, was more real and important to him.

"Could we pile all this stuff in your station wagon? Jean got it together for the set, and now that she's laid up, we'll have to get it back."

Rex helped him pile Hitchcock chairs on top of highboys and fasten silver sugar bowls to the knobs of tables.

"We've sure missed you and Jean this summer," he said. "You earning out a living as a shopkeeper and Jean hanging around the theater."

"I've missed you," Johnny told him. He had missed them. His Cape Codders. They were his

folk, all right. He laughed bitterly.

"What about the apprentice? Jean said you were lovey-dovey." Johnny didn't answer. He wondered what Masters was saying to Molly at the Inn. They took the seats out of Rex's station wagon and piled in the furniture and valuables.

"Ready to go?" Rex asked, and they threw the car into gear.

DR. WARREN had just left the Meltons' and Jean was supposed to be asleep. Sue told him. "Tell her Johnny's here," he said. "It's important."

And so he stood beside Jean's bed holding one of her bandaged hands.

"I came to tell you that everything is back where it belongs. But why on earth did you go clear to Chatham for a bell-pull?"

"It was on Mr. Earl's list," she said. "Darling, you look so tired." Johnny drew himself up with a jerk. He mustn't tell her he would like to put his head in her arms and cry. He mustn't tell her that all he wanted was a gentle like Jean, not a sweetheart like Molly.

"Where's Molly?" Jean asked, oddly.

"She's with Masters at the Inn. I'm supposed to catch up with them, but I'm going home to bed."

Jean's eyes were tender when she looked at him. "Johnny, I've decided to give you the cameo. I think I meant to all the time; something just got into me at the theater tonight."

He sighed with relief. "The fight was part my fault. I was too bossy."

"No, you were right. You've always been my big brother and acted like it. I was the one who wanted it to be different. Even tonight when we were mad as two hornets, you came to help me when I needed you most. That was a real pal, Johnny," she continued slowly as if feeling out the right words. "So tell Molly the cameo is yours for a wedding present. I hope you'll both be very, very happy."

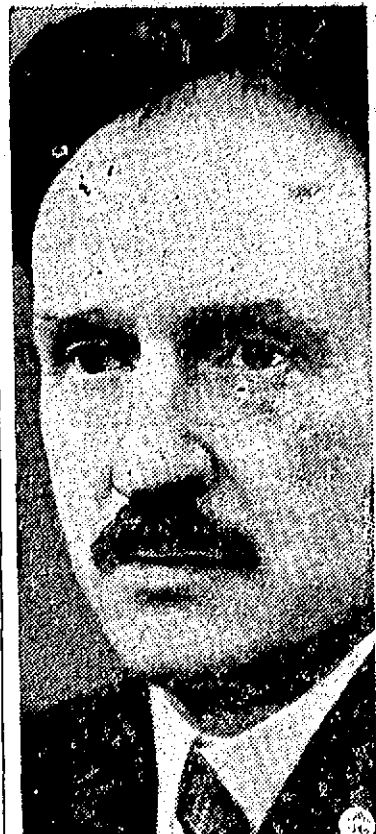

"I'm not going to take it, Jean. Don't ask me why; I can't explain why."

"Well, Molly will take it. Tell her what I said. Now go away. I'm sleepy."

Johnny went, reluctantly. But it wasn't until he was out of the house that he realized what had happened. The cameo was the only piece of property borrowed for the theater that hadn't been returned to its rightful owner.

(To Be Continued)

## To Guard France's Western Colonies

To "secure" French possessions in the Western Hemisphere, former French Premier Camille Chautemps, above, will soon leave France for South America, according to recent report from Berlin. Nazis claim he'll try to prevent the U. S. from "colonizing" Latin America.

edited by the demonstration. The meeting adjourned to meet with Mrs. J. M. Neal in August.

On Tuesday afternoon, July 23, 12 colored women met with Mrs. W. W. Wright and Mrs. Lem Porterfield and made a mattress tick. The women were anxious to learn and ready to do anything. They completed their ticks and were well pleased with them.

Thursday afternoon, July 25, Mrs. W. W. Wright and Mrs. Lem Porterfield met with another group of six ladies in the home of Mrs. Harvey Wright and demonstrated mattress tick making. Mrs. Wright had three demonstrations with three groups of white ladies and one group of colored women.

All the ladies seemed to be pleased with the set-in boxing. They all ask to be shown that demonstration and with fine cooperation in the group, the tick was completed.

Friday afternoon, July 26th, another demonstration was given in the home of Mrs. Lem Porterfield with six ladies present. They also were ready and willing to learn. They made a tick, also using the set-in boxing. Mrs. Wright gave them their choice as to the type of tick. The tick was completed and everyone was well pleased with the results. Everyone is very anxious for the mattress demonstration.

## Green Salads Make Summer Pleasant

### Best Remedy For Summer Heat Is Crisp Salads

By MRS. ALEXANDER GEORGE  
AP Feature Service Writer

One of the best remedies for summer's "thermometer terrors" is to go strong on salads. Just the sight of a crisp, crunchy salad is cooling and rejuvenating.

Salads, you know, can play any role in a modern meal—appetizer, main course, accompaniment to main course, a separate course or even dessert. And what with the diversity you can get in salads and the great variety of new salad dressings you've got a brief of combinations at hand. Here's a new—very brief—review:

**French Cup Salad**  
A main-course dish with distinction. Select six halves of peaches. Stuff them with white cream cheese, mixed with seeded grapes, finely diced celery and broken nuts. Roughly pile up the mixture to provide generous portions. Chill, then nestle each peach half in crisp lettuce leaves. Garnish the top of each with sliced peaches and pass mayonnaise into which you have mixed a few chopped ripe olives. That last trick is worth remembering—the ripe olives do know how to blend with the other tasty ingredients. This dressing is an equally good topping for other fruit salads.

**Ham Stuffed Tomatoes**  
For something new, try ham relish stuffed tomatoes. Peel and scoop out firm, ripe tomatoes. Invert them (to drain), and then chill. At serving time, quickly stuff the tomatoes with cubed cooked ham mixed with diced celery, green peppers, cubed cucumbers and a few finely minced sweet pickles. Moisten lightly with salad dressing. Set the stuffed tomatoes on salad greens—very crisp. Pass salad dressing to which you have added some finely chopped pimientos, green peppers and capers.

**Salmon Salad**  
Salmon Salad makes another interesting filling for tomatoes. Mix salmon, lightly flaked, with diced celery, finely chopped parsley and green pepper, add sliced hard cooked eggs (2 eggs to each cup of salmon), a little salt and paprika. Moisten with mayonnaise and stuff the tomatoes. Sprinkle lightly with lemon juice and finely minced sweet pickles (pickles and salmon always make a good team) and serve on any salad green. To

make an extra festive entrance with this salmon salad, pile it up in the center of a lime gelatin ring mold (be sure to have the gelatin colored green). Pass salad dressing and a company by tiny hot cheese biscuits for a party service.

**American Salad**  
Fill your salad bowl with American salad. It likes to go to parties and always hits the spot. To serve enough for 6 mix 2-3 cup cooked veal (or other meat), with 2 sliced hard-cooked eggs, 1/2 cup each diced celery and cooked peas, 1 tablespoon each of chopped onions, olives and green pepper and 1/2 cup mayonnaise. Season with salt and paprika. Serve icy cold on shredded lettuce in a salad bowl.

## You-Name-It Dept.

PORTLAND, Ore.—(AP)—A seven-headed fish was Mike Scuto's reward for a trip to the beach—and Mike has the fish to prove it.

The hydra-headed creature, barely an inch long, was found stranded by outgoing surf and still was alive when Scuto picked it up.

**OPPOSITES, BUT NO OPPOSITION!**

Re-elect  
**C. G. "CRIP" HALL**  
Secretary of State

● Crip Hall carried every county in Arkansas two years ago by a majority of at least two to one and the state by a majority of four to one. Indications are that his majority will be even larger in the first primary August 13.

● Endorsements for a job well done have come from all corners of the State. Voters acclaim Crip Hall as one of the most efficient Secretaries of State ever to hold the office in Arkansas.

● Crip Hall is running on his own record of outstanding accomplishments and not on the demerits of any of his opponents.

● Crip Hall is deeply grateful to the voters for their support in the past and asks an opportunity to finish the job.

**Take a Tip ---**  
Win with Crip

"Crip" Hall is interested in NO race except his own.

### Arkansas's Attractions Arouse World-Wide Interest

Inquiries from India-China and Manchukuo were among the more than 14,000 requests for information about Arkansas that have been received by the state Publicity Commission. Inquiries came from all 48 states and from many foreign countries. All the South and Central American republics and all the Canadian provinces were represented in the requests.

Requests were received from Arabia, The Netherlands West Indies, Ankara and Istanbul, Turkey, Yankow, Manchukuo, Edinburgh and Glasgow, Scotland, Bilbao, Spain; North Horsborn, Sussex, England; Porto Parigul; Annan, French Indo China; St. Jean de Luz, France; and Molito, British island in the Mediterranean.

The Publicity Commission said most of the inquiries from foreign countries were in response to advertisements in the National Geographic magazine. The Commission has inserted advertisements in seven other national magazines and will conclude the campaign with advertisements in many newspapers.

The Hopewell Home Demonstration club met at the home of Mrs. Laura Hodnett on Thursday, July 18th. The house was called to order by the secretary, Mrs. Griffin.

The club then sang the song "My Old Kentucky Home." Mrs. W. M. Sparks gave a beautiful devotional on the 23rd Psalm, which was followed by prayer.

The minutes of the last meeting were read by Mrs. Griffin. The roll was called and answered with experience in drying fruits and vegetables. Nine old members and seven new members answered the roll call.

The community picnic, which is to be held at Lake Laura on the Experiment Station on the third Thursday of August, was discussed and the different committees were appointed.

After the business session, the recreational hour was spent playing some interesting games and the winners were presented a dainty gift.

The hostess served iced tea and angel food cake during the social hour and the meeting adjourned to meet again in August at the recreation center for a picnic.

The Harmony home demonstration club met Monday, July 22 at 2 p. m. in the home of Mrs. W. W. Wright. The house was called to order by the president with 12 members answering the roll call. Mrs. Clinton Skinner was added to the roll as a new member. After the business was transacted the meeting was turned into a mattress tick demonstration, where 12 women took part in making a tick with the set-in boxing. The tick was finished and all the ladies were ben-

## 649 Years of Freedom

Like an immovable little rock in the middle of the flooding stream of totalitarianism stands Switzerland. In days when many things are being swept away by that flood, it is pleasant to look upon so firm, even if so small a rock.

People of Swiss extraction will over the world have recently been celebrating 649 years of Swiss freedom. They have been pointing out some of the virtues that have enabled Switzerland to survive when others have fallen. Switzerland has every disadvantage that is supposed to go with democracy. It is, in many ways, the most democratic country in the world. Yet it thrives.

Its population is mixed. Seventy per cent of them speak German. But "Fifth Columning" is negligible. Why? Because the regime is so just, so advantageous, that practically every Swiss knows he is better off than under a totalitarian system.

Switzerland is poor. It depends on export and import, from which it has been largely cut by the war. Yet so rugged and independent are its people that they have simply pulled in their collective belt and settled down to wait until conditions clear up.

Switzerland is small and weak. There is no question that it could be overrun by neighboring conquerors. But Switzerland is prepared and resolute. The cost of any such invasion, in the face of the natural ruggedness of country and people would be out of proportion to the loot. So in the midst of war, Switzerland remains at peace.

Switzerland is a living demonstration of the principle of live and let live. There are four distinct cultures, German, Italian, French and Roman. People of each are allowed to live culturally as they wish. Yet to co-operating in affairs common to all, they have achieved a country without great wealth, yet without dire poverty either.

They have achieved a country in which every male citizen is a trained soldier, and yet which is not militaristic.

They have achieved a country in which freedom can and does live side by side with patriotism, military effectiveness, industrial efficiency, and social progress.

"Did you succeed in rescuing your friend who was captured by cannibals?"

"Unfortunately, when I arrived he had already been scratched off the menu."

## TWENTY YEARS AGO

From the Columns of The Star of Hope

August 7, 1920  
Mr. Paul Booker of Texarkana, spent last night in our town.

Dr. E. Y. Cloud is enjoying a visit from his mother, Mrs. Cloud of Hot Springs.

Misses Pearl and Ruby Conway left yesterday afternoon for a visit at Hot Springs.

Miss Gladys Norwood of Ashdown, spent Sunday here with her sister, Mrs. Pat Duffie.

Dr. Gaston W. Duncan has returned from Columbus where he has conducted a meeting.

Mrs. Cam Stevenson and daughter, to Winthrop, Texas, are visiting Mr. and Mrs. Agda Taylor in our city.

Mr. and Mrs. Lex Helms and son will leave tomorrow in their car for a two weeks camping trip to Baker Springs.

Mrs. W. W. Johnson and Misses Naomi Falls and Mary Margaret Anderson will leave Thursday to spend a month visiting at Abilene and Colorado, Texas.

## IT'S NEW

By W. H. WILSON

Spare Tire Air Refills Casings With Slow Leaks

New extras for your automobile, designed to make you feel at home on the highway, are constantly rolling out of the market from the plants of motor and accessory companies. Changing tires is simplified with a jack that works off the outside rim off a wheel. Once the wheel is raised, a steel support is slipped under the axle to hold up the car, and you can then return the jack to your next door neighbor.

Early morning flat tires, resulting from a slow leak or the impishness of small boys in the neighborhood, can be easily refilled with enough

air to make it to the nearest repair shop. The air is borrowed from the spare tire by means of a long rubber tube with a valve connection at each end.

Inside door on troublesome tires can be seen with the "Tire-O-Scope," mechanical aid that enables the tire repair man to get an X-ray view of a tire while it is still on the car. Cuts, tacks, bruises, pinches, casing breaks and other weaknesses can be found before they cause serious damage.

Nylon, of hosiery fame, soon may find its way into your windshield in a new safety glass. When rolled out in transparent sheet form, nylon makes of glass, making them shatter-proof.

Battery gauge, that shows state of the charge is an accessory that may join speedometer, gas, oil and water dials on the dashboard next year. It shows at a glance when the battery needs recharging.

A step ahead is the new battery that may make such a gauge unnecessary. With glass fiber separator plates and a patented battery oxide, it is said to get stronger instead of weaker with use.

Sand traps, of the type found above street car wheels and not on overways, will make their appearance under automobile fenders in the near future. These hold a coarse sand that is released at a touch of the foot-brake and drips down over the wheels.

Polonium spark plug makes use of the invisible, radio-active rays of a rare substance found in the Canadian northwest. Rays from the polonium ionize the air around the electrodes to increase its conductivity and produce a hotter spark.

In plain language, the car starts quicker, has faster pickup, gets more miles to the gallon, and enjoys all the other super powers provided by any nationally advertised gasoline—all on a minute particle of polonium in the spark plug.

Safely, mixed with a dash of advertising, is offered in the Telespeed highway sign. It warns of a curve or other hazard ahead and tells the driver how fast he is approaching it. Two magnetic detectors, placed under the roadway ahead of the sign, operate it. The first causes a sales message to flash on the billboard; the second lights up a number telling the driver his approximate speed.

Midget automobiles, in favor abroad, are getting smaller, though it is not known whether the ration system has anything to do with the trend. A new dwarf jalopy in England is reported to weigh only 150 pounds, with operation so simple even a Sunday driver could run it with minimum hazard to others.

NEXT: New uses for rubber.

It is a noted chiropractor that advises sufferers from ulcerated teeth to wash in six inches of cold water in the bathtub. The cure is simple. Merely slip, fall, and knock out the offending molars.

47 Dower property.  
49 Mire.  
51 Yellow bird.  
53 Provided.  
54 Of the thing.  
55 Rough lava.

Answer to Cranium Cracker

# RECORD-BREAKING CROWDS FORECAST DECISIVE ★ VICTORY ★

Throughout the State — north — east — south — west — citizens have gathered in such record breaking attendance to raise their voices in a demand that Governor Carl E. Bailey be re-elected Governor of Arkansas that veteran political observers are convinced that Governor Bailey will carry 73 of Arkansas's 75 counties . . . There are good reasons for this enthusiasm and wholehearted support . . . The citizens of Arkansas approve Governor Bailey's record of achievement.

## Let's Examine the Reasons for this Statewide Landslide

- \* 10 million dollars invested in new improvements such as — Live Stock and Forestry Branch Experiment Station — School for Blind — Tuberculosis Sanatoria — Highway Office Building — Facilities and Buildings at University and Colleges, etc.
- \* Counties relieved of \$1,000,000 per year expense of County Agents, Tuberculosis Patients, Health Units and Prosecuting Attorneys' Salaries.
- \* Over \$600,000 per year additional aid being provided to counties for Farm-to-Market roads.
- \* Fire Insurance rates reduced over \$200,000 per year.
- \* Medical School Grade "A" rating restored and financial support increased from \$70,000 to \$300,000 per year.
- \* Welfare Department reorganized and giving increased aid to all eligible aged, dependent children and blind persons.
- \* All toll bridges (private and public) freed, saving public more than \$750,000 per year.
- \* Property owners in bridge districts relieved of \$300,000 per year.
- \* Parents relieved of \$350,000 text book expense annually.
- \* Penitentiary put on profit making basis and conditions improved.
- \* State parks system improved and expanded.
- \* All departments, agencies and institutions on cash basis and operating within income.
- \* \$7,000,000 Rural Electrification program sponsored and lowest rural electric rate in nation established.
- \* More than \$400,000 misappropriated funds recovered for counties and school districts.
- \* Cost of collecting taxes by revenue department reduced to 2.84 per cent.
- \* \$50,000 per year provided for rural free libraries.
- \* State exhibit at New York World's Fair established and maintained 1939 and 1940 without use of tax funds.
- \* \$12,500 per year made available for premiums to farmers at State Live Stock Show

## AID TO SCHOOLS MORE THAN DOUBLED Greatest Financial Support For Schools In State's History

Yet, in the face of the undisputed facts, the opposition boldly makes the false assertion that the school children have suffered under Governor Bailey's administration. Here is the record in actual dollars and cents . . .

Comparison of Allocations of State Funds for Quadrenniums  
of 1932-36 and 1936-40

FUND	1932-1936	1936-1940
Common School Fund Apportionment	\$ 9,403,597	\$16,668,859
School Equalizing Fund	1,169,702	4,372,161
Federal and State Vocational Funds	773,743	1,086,381
Free Textbook Fund	None	1,486,274
Salaries of County Examiners	72,998	199,600
Ark. Library Commission	None	150,000
Teacher Retirement System	None	264,496
Schools for Blind and for Deaf	599,287	774,618
Revolving Loan Fund Loans	660,896	3,541,548
	\$12,680,223	\$28,563,937

This progress and expansion was accomplished without putting any new debts upon the taxpayers. The state debt has been reduced over twenty-six and one-half million dollars and cash balances increased four million dollars. Arkansas's credit has been fully restored during Governor Bailey's administration, while the cost of state government per capita is the lowest in America! **Let's Continue This March of Progress —**

**Let's Re-elect  
GOVERNOR  
Carl E.  
BAILEY**
